

COMPLETE LINE OF PRODUCTS

AMSOIL offers numerous other products that provide superior AMSOIL performance and protection for power-sports applications. Antifreeze, grease, storage protectants, fuel additives, appearance products, all-purpose lubricants and more, AMSOIL provides products powersports enthusiasts need.

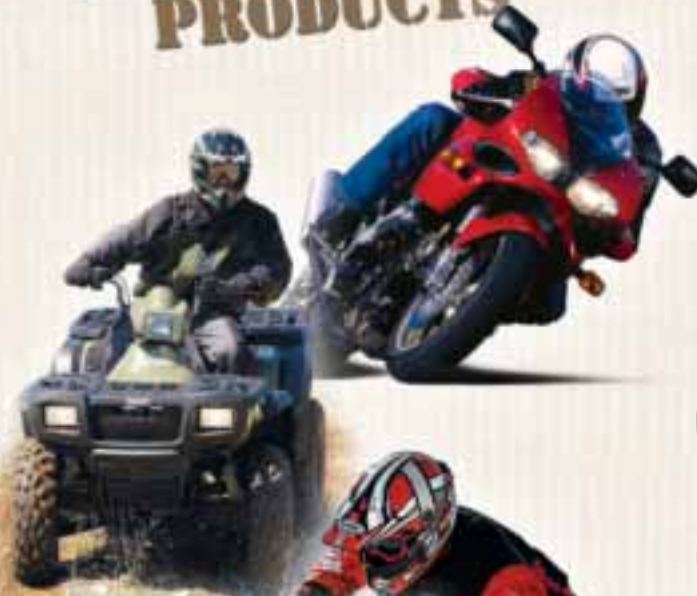

AMSOIL products and Dealership information are available from your local AMSOIL Dealer.

MAXIMUM PERFORMANCE

AMSOIL SYNTHETIC 2-CYCLE OILS

SNOWMOBILES, ATVS AND PERSONAL WATERCRAFT

INTERCEPTOR Synthetic 2-Cycle Oil (AIT)

AMSOIL INTERCEPTOR Synthetic 2-Cycle Oil is a high-performance two-cycle oil formulated especially for power-sports applications. INTERCEPTOR provides exceptional cleanliness and helps prevent exhaust power valves from sticking. A high-quality replacement for original equipment manufacturer (OEM) branded oils, INTERCEPTOR provides superior performance in two-stroke oil-injected applications or as a 50:1 pre-mix.

DOMINATOR® Synthetic 2-Cycle Racing Oil (TDR)

AMSOIL DOMINATOR Synthetic 2-Cycle Racing Oil features a robust formulation engineered to provide unsurpassed protection in high-performance two-stroke motors both on and off the track. DOMINATOR Synthetic 2-Cycle Racing Oil reduces friction and protects pistons and bearings subjected to the rigors of racing and hard driving.

hp Injector Synthetic 2-Cycle Oil (HPI)

AMSOIL hp Injector Synthetic 2-Cycle Oil is recommended for use in all two-stroke personal watercraft and jet boats, as well as snowmobiles, motorcycles and ATVs. Its precise synthetic formulation exceeds the lubrication demands of modern two-stroke motors. hp Injector contains up to 30 percent more additives than other TC-W3 two-cycle oils for super-clean operation. It provides superior performance in direct fuel injected (DFI), electronic fuel injected (EFI) and carbureted two-cycle equipment.

Advanced Synthetic Motorcycle Oils (MCF, MCT, MCV)

AMSOIL Advanced

Synthetic Motorcycle Oils provide long service life and maximum protection against engine wear. They are incredibly shear stable, offering exceptional protection for high-performance engines, transmissions and primary chancases. AMSOIL Motorcycle Oils are available in 10W-30, 10W-40 and 20W-50 viscosities and are wet-clutch compatible. They are recommended for Harley-Davidson, Honda, Buell, KTM, Ducati, Triumph and many other motorcycle applications.

Shock Therapy® Suspension Fluid (STL, STM)

AMSOIL Shock Therapy Suspension Fluid is formulated for maximum stability and performance in high-performance fork and shock applications. Shock Therapy effectively controls friction and heat and significantly reduces wear and scuffing. Viscosity remains constant and foam and aeration are kept to an absolute minimum, limiting shock fade and inconsistent dampening. Available in lightweight #5 and medium #10 formulations, Shock Therapy offers superior performance in temperature extremes.

AMSOIL FORMULA 4-STROKE® SYNTHETIC MOTOR OILS

Formula 4-Stroke Synthetic Scooter Oil (ASO)

AMSOIL Formula 4-Stroke Synthetic Scooter Oil is engineered to meet the special needs of today's high-tech air- and water-cooled four-stroke scooters. It offers maximum wear protection and friction reduction for longer equipment life and cooler operating temperatures.

Formula 4-Stroke Synthetic Marine Motor Oils (WCF, WCT)

AMSOIL Formula 4-Stroke Synthetic Marine Motor Oils offer exceptional wear protection, viscosity stability, low volatility and excellent low-temperature fluidity for four-stroke gasoline-fueled engines used in marine applications. Certified to meet NMMA FC-W performance specifications, AMSOIL Formula 4-Stroke Synthetic Marine Motor Oils meet "Warranty Certified" status of engine manufacturers. Available in both 10W-30 and 10W-40 viscosities.

Formula 4-Stroke® Synthetic Power Sports Oil (AFF)

AMSOIL Formula 4-Stroke Synthetic Power Sports Oil is specially formulated to provide serious protection and performance in recreational four-stroke motors, including ATVs and snowmobiles. Its broad 0W-40 viscosity rating provides superior protection in both hot and cold temperature extremes.

SUPERIOR POWERSPORTS FILTRATION

Ea Motorcycle Oil Filters (EOM)

AMSOIL Ea Motorcycle Oil Filters feature full-synthetic nanofiber technology, providing superior protection for motorcycles, ATVs and four-stroke personal watercraft, snowmobiles and outboard motors. Ea Motorcycle Oil Filters last longer, stop smaller dirt particles and offer less restriction, extending equipment and filter life and improving performance. Available in black or chrome.

Ea Motorcycle Air Filters (EAM)

AMSOIL Ea Motorcycle Air Filters replace Harley-Davidson OEM and S&S filters, incorporating nanofiber technology that offers superior efficiency, air flow and capacity for extended equipment and filter life and enhanced performance. Ea Motorcycle Air Filters are cleanable and remain serviceable for up to four years, saving money on filter costs. AMSOIL recommends cleaning Ea Motorcycle Air Filters with a shop vacuum or low-pressure shop air once per year or according to operating conditions.

NGK Spark Plugs

AMSOIL offers powersports enthusiasts two lines of plugs from NGK, a world leader in performance spark plugs.

NGK Standard spark plugs provide excellent service for many applications. They offer reduced fouling and superior durability for powersports applications.

NGK Iridium IX spark plugs provide maximum performance in powersports applications. They are manufactured using top-quality materials and provide increased efficiency and superior ignitability.
